

12 Weeks of Christmas - Week 12

A gift from me!

This fun chocolate and coffee treat would make a great gift for co-workers. Give this along with a \$5 gift card for their favorite coffee shop and it adds holiday flair and your personalized craftiness to an inexpensive holiday gift. Change the theme by substituting another small treat for the coffee K-cup.

Instructions

1. From the Candy Cane Lane DSP cut a 1-1/2" by 12" strip in the print of your choice for the box band. Also cut three 1" by 3" strips of the DSP to wrap around the chocolate Nuggets & adhere with Fast Fuse.
2. Use the 3/4" Circle Punch to punch out mint candy shapes from the printed DSP and adhere to the bottom of the Hershey Kisses using a glue dot (You could also stamp and punch images from the Candy Cane stamp set, item 142040 to use for the circles)
3. Use the 2" circle punch and the Candy Cane Lane DSP of your choice to punch two circles. Adhere one to the top of the coffee K-cup and reserve one for the box focal point. Tie Red Ribbon around K-Cup.

4. Assemble the clear boxes according to the package instructions. TIP: Be sure to remove the clear plastic protective coating from the boxes before assembly. Put decorated coffee in one & chocolates in other.
5. Adhere the boxes back-to-back with a couple of glue dots. Then Center the 1-1/2" by 12" strip of DSP under the two boxes, centered and wrap around both, creasing at each corner so the ends meet in the middle at the top. Adhere the creased band to the boxes with a little Fast Fuse. There will be less than a 1/4" gap between the two ends of the paper. Use Fast Fuse to adhere the 2" circle over the gap.
6. Hold the two colors of Baker's Twine together and tie around the boxes with the bow off center to the left of the circle. Add a red and silver bell to the ends of two pieces of the twine. TIP: A dental floss threader is the perfect tool to help pull the twine through the bell's stem. Tie knots in the ends that don't have bells for a fun accent and to keep the metallic thread in the white twine from untwisting.
7. Stamp the Gingerbread Man in Crumb Cake; Bow in Red. Punch out & adhere bow with a glue dot and gingerbread man with Dimensionals.
