Measurements:

- Card Base in Basic Black: 4 1/4" x 11"
- Bermuda Bay Mat: 4 1/8" x 5 3/8"
- DSP Mat: 4" x 5 1/4"
- DSP Strip: 1 1/4" x 4"
- Bermuda Bay Strip: 5/8" x 2"
- Bermuda Bay: Largest Stitched Circle Framelit

Instructions:

1. Stamp truck image and sentiment (only ink up the "Happy Birthday") onto Basic Black using Versamark Ink. Sprinkle with Whisper White Embossing Powder and set with your heat tool.

2. Use your paper snips to cut out both the truck and the sentiment.
3. Using Versamark ink stamp the flag banner multiple times on the upper half of the Bermuda Bay stitched circle.
4. Using dimensionals adhere the truck image to the Bermuda Bay circle. Then add half of a small silver foil doily to the bottom of the circle (adhere it on the back side of the circle).
5. Adhere the Bermuda Bay mat to the card base. Now adhere the large piece of DSP to the Bermuda Bay mat.
6. Adhere the DSP strip to the card front 1 ½" up from the bottom of the large DSP layer. Align it on the right side at the edge of the Bermuda Bay layer.
7. Fold a length of Dapper Denim Ruched ribbon so that it will stick out on both sides of the circle. Adhere it to the card front with Fast Fuse.
8. Put dimensionals on the back of the Bermuda Bay circle. Adhere it to the card front over the Ruched Ribbon.
9. Adhere your sentiment to the small piece of Bermuda Bay and orient it to the right side. Then wrap Basic Black Metallic Thread multiple times around the left side of the Bermuda Bay piece. Adhere in the back with fast fuse. Use the second half of the small silver doily and adhere it to the back of the sentiment piece with the scalloped edge showing at the bottom. Add dimensionals to the back and adhere the sentiment to the top left of the card front.
10. Embellish with In Color Enamel Shapes in Peekaboo Peach.
