

Porthole & Sub

All images © 1990-2017 Stampin' Up!®

Supplies:

- **Stamp Sets** – You're Sublime (#139309), Playful Backgrounds (#141920)
- **Card Stock** – Whisper White (#100730), Pacific Point (#111350), Silver Foil Sheets (#132178)
- **Stamp Pads** – Versamark Pad (#102283), Basic Black (#140931)
- **Misc.** – Window Sheets (#114323), Daffodil Delight Marker (#119677), Pumpkin Pie Marker (#10445), Smoky Slate Marker (#131898), Subtles Markers (#131263), Glue Dots (#103683), Clear Wink of Stella (#141897), 1/2" Circle Punch (#119869), 1/16" Handheld Punch (#140978), Layering Circles Framelits (#141705), Dimensionals (#104430), Glue Dots (#103683), Pencil

Measurements:

- Pacific Point Card Base 5-1/2" x 8 1/2"
- Whisper White (insert) 4" x 5 1/4"

Instructions:

1. Stamped the dotted background in Versamark in on the front of the card.
2. Use to create a 'ring' using Silver Foil Sheets with Big Shot and Magnetic Platform. Any scratched impressions from the used cutting mats is an added bonus as it adds texture and a weathered look to the metal rim you are creating.
3. Use the handheld punch and make small holes around the foil sheet as shown.
4. Adhere the silver 'metal rim' to the front of your card with adhesive.
5. Cut a piece of Window Sheet approximately 3"x3" (will depend on the size porthole you create). Place one Glue Dot in the each of the four corners and attach to the inside cover of the card, as shown.

6. Place (not adhere) the white insert on the inside of the card, aligning it where you will eventually adhere it. Use a pencil to make light marks to indicate the opening of the porthole so you know where to stamp your image.
7. Stamp the submarine image in black ink. Color in with markers.
8. Punch three, 1/2" circles from Pacific Point cardstock. Cover with Wink of Stella. Allow to dry. Use a Dimensional to adhere each of the circles to the front of the submarine, as shown.
9. Adhere the white cardstock insert inside the card.
