

Postcard Pals Puzzle

All images © Stampin' Up!®

Stampin' Up! Supplies:

- STAMPS - Postcard Pals (146701 clear, 146698 wood)
- PAPER - Watercolor Paper (122959)
- INKS – StazOn Ink (101406)
- DIES - Puzzle Pieces Thinlits Dies (146830)
- MARKERS - Many Marvelous Markers (Pool Party, Old Olive, Smokey Slate, Real Red, Melon Mambo, Early Espresso, Crumb Cake, Daffodil Delight, Tempting Turquoise)
- OTHER - Big Shot (143263), Aqua Painter (103954)

Cutting & Scoring:

- Watercolor Paper 3-3/4" x 5"

Tips:

- You must use watercolor paper for this, because regular cardstock won't be able to absorb the amount of water we are going to use.
- You must use StazOn Ink when watercoloring because StazOn Ink is water proof.
- Clean off excess ink from Aqua Painter to get best results.

Instructions:

- Stamp your image and sentiments on watercolor paper.
- Let the images dry completely before coloring them in.
- Color your image and with an Aqua Painter, carefully blend the color immediately after applying the color (work in small areas for best results)

- Clean your Aqua Painter each time and let the colored area dry before switching to another color.
- When the image is completely colored and dry, color the sky and the grass.
- When completely dry, cut the image using the puzzle die.
- There are many ways to package the puzzle for gift giving e.g. the Petite Treat framelits, (146827) or the Window Box thinlits (142762)).
- Enjoy!
